

8th INTERNATIONAL CONGRESS OF CLINICAL AND HEALTH PSYCHOLOGY IN CHILDREN AND ADOLESCENTS

ELCHE
SPAIN

16-19
NOVEMBER
2022

Dear Ivanka Živčić-Bećirević

President of Croatia Association for Behavioral and Cognitive Therapies

Dear colleague,

The AITANA Research Group of Miguel Hernández University of Elche invites you to participate in the **8th International Congress of Clinical and Health Psychology in Children and Adolescents**. This edition will be held in Elche (Spain) from November 16 to 19, 2022.

This congress is a scientific meeting for researchers, professionals and students with a common interest: learning, exchanging experiences, updating knowledge, sharing and nourishing with child psychology.

This 2022 edition includes a program with plenary lectures, applied sessions for professionals, meetings with experts and more than 40 monographic symposiums. This year, we have the privilege to have, among others, Peter Muros (The Netherlands), Kristine Doyle (USA), Annette Lagreca (USA), Carolina Braet (Belgium) and Samuele Cortese (UK) as some of our guests.

The deadline for submitting papers and for registering for the congress is open. We would like to have the participation of the members of Croatia Association for Behavioral and Cognitive Therapies. For this reason, we have created a fee modality for members of collaborating entities. The price for those members who register prior to July 19 is 254€ (16% less than the regular fee) (<https://www.aitanacongress.com/inscripcion/>). When choosing the registration modality, the members of your society must mention that they belong to it.

Finally, we would like to ask for your collaboration in advertising the congress to your member base through all the dissemination channels you might consider appropriate (e.g., e-mailing, social networks, websites, blogs).

If you have any questions, do not hesitate to contact us. We will be happy to hear from you.

We hope to see you very soon!

Mireia Orgilés

President of the Organizing Committee
